Floats: Figures and Tables

This section provides examples of inserting figures, subfigures, text-wrapped figures, and tables using the caption and subcaption packages.

Single Figure Example

Figure 1. Example of a single figure. Control over the formatting of single figures may be done using the `caption` package.

Subfigure Example

Figure 2.1. First panel of subfigure.

Figure 2.2. Second panel of subfigure.

Figure 2.3. Third panel of subfigure.

Wrapped Figure Example
